

**Gloria Zink**  
*Case Manager*

Gloria Zink is a case manager for the RISE Collaboration. Prior to that she was a disaster case manager for Northern Valley Catholic Social Service in Happy Camp.

She was born in Yreka and spent most of the next 41 years (except the time spent in the San Fransico Bay area for college) living in Happy Camp. When the last lumber mill shut down her family was forced to leave their wonderful little town for work. They spent the next 20 years in Oregon.

The Slater Fire devastated the town of Happy Camp and so many lives were changed forever. When Gloria heard about a job opportunity in Happy Camp helping the survivors she immediately applied. She was fortunate to be offered the job and she has enjoyed the opportunities it has given her.
