

## **Jasmine Borgatti**

*Chief Resilience Officer*

We all have our own story to tell and mine starts in Happy Camp. As a lifetime resident of Siskiyou County, I experienced the loss of my childhood home, my parents' primary residence, in the 2020 Slater Fire.

I have a BS in Business Administration from Southern Oregon University, ten-years in Government Wildland Fire, and two decades as Owner/President of a Vegetation Management Corporation.

My roots run deep with a first-hand understanding of the uniqueness of our river communities, driving my desire as a dynamic leader to give back by helping to revive, preserve, and protect the area we all call home.

Reach out, tell us your story, bring your energy and skills. Together we will build a stronger future.
